

## THE CONSOLIDATED ANNUAL PERFORMANCE REPORT

Each year the City of Clarksville receives grant funds from the U.S. Department of Housing and Urban Development (HUD) through the Community Development Block Grant (CDBG) Grant and the HOME Investment Partnership Act (HOME) programs. These funds are used to meet the primary objective of developing viable communities by providing decent housing, suitable living environments and expanded economic opportunities, principally for low- and moderate-income persons.

The Consolidated Annual Performance and Evaluation Report (CAPER) for the City of Clarksville is prepared in order to report to the public and to HUD about the programs, projects and activities carried out by the County during the past year to meet the federally established goal of developing viable communities. The most recent CAPER will be available on the City's website, Clarksville-Montgomery County Public Library, City hall and by request. This document identifies the City's Consolidated Plan program goals and objectives, and provides an overall assessment of the City's attainment of these established goals. The overall assessment of our goal attainment contains accomplishments for each project either undertaken or continued in the program year. As part of the self-evaluation included with this CAPER, we determine whether the established long-term objectives are meeting current needs, and we discuss adjustments to strategies and activities, if any, needed in order to more effectively meet the various goals and strategies outlined in the Consolidated Plan.

For a copy of the plan visit [www.cityofclarksville.com](http://www.cityofclarksville.com) ( Community Development Department) or the OHCD office located at One Public Square, Suite 201, Clarksville. For more information you may call 931-648-6133.
