Accreditation

The Clarksville Police Department is a Nationally and State Accredited Police Department. CPD received its initial accreditation from the Commission on Accreditation for Law Enforcement (CALEA) in July 2010, and its first ever Advanced Reaccreditation in August of 2013.

On December 4th 2014 the Clarksville Police Department was awarded State Accreditation thru Tennessee Law Enforcement Accreditation.

The Clarksville Police Department has chosen to be an Accredited Agency because it:

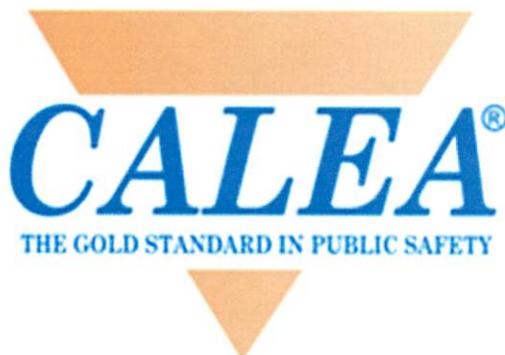

- Strengthen crime prevention and control capabilities;
- Formalize essential management procedures;
- Establish fair and nondiscriminatory personnel practices;
- Improve service delivery;
- Solidify interagency cooperation and coordination; and
- Increase community and staff confidence in the agency.

It requires a preparedness program be put in place—so an agency is ready to address natural or man-made critical incidents.

It is a means for developing or improving upon an agency's relationship with the community.

It can limit an agency's liability and risk exposure because it demonstrates that internationally recognized standards for law enforcement have been met, as verified by a team of independent outside CALEA-trained assessors.

It facilitates the Clarksville Police Department's pursuit of professional excellence, and it's effort to be transparent to the citizens we service.
