**V DEPARTMENT REPORTS**

**Manager's Report**

**Ballpark Financials:** Michael Palmore, Parking Manager, reported 547 tickets were written, 541 were valid, 168 have been paid, which gives us a total of \$4,310.00 in revenue for the month of November.

**Parkmobile Financials:** For the month of November, we had 4100 transactions with a total of almost \$12,000 in revenue, which is a decrease in transactions of 457 and a decrease in revenue of almost \$900.00.

**Parking Garage Update:** Mr. Palmore reported that we are now in the budget phase where we are meeting with our consultants to see if any of the adjustments we've made affect the numbers. From there we will confirm the design and begin construction. At this point we are looking at breaking ground in March with an anticipated 1 year timeline for completion.

**Leaf on Third Voids:** It came to our attention that the zone known as Leaf on Third had not been activated which meant that people could not pay, so violations written in that zone will be voided.

**Parking Timeline:** F&M Arena will have a soft opening in March with a few events having 500-1500 people. Starting in May, there will be major events averaging 4500 people. There is a committee made up of various agencies meeting monthly to discuss a game plan from an operational standpoint.

## **Financial Report**

The financial report was presented by Regina Hampton. For the month of November we had revenues of \$38,838. Our expenses were \$16,137, so we had an operating profit of \$22,700. After depreciation, we had a net profit of \$14,783. Year to date through November, revenues are \$228,710.00. Expenses are \$82,945. So we have an operating profit of \$145,765 and after depreciation we have a net profit of \$106,181.

## **VI NEW BUSINESS**

### **1. Vote for New Chairperson**

Andy Kean moved to table the vote on a new chairperson until we have a full Parking Commission (5 members). Ms. Hererra seconded and the motion carried. Mr. Shelton will run the meetings in the interim.

### **2. Handicap Parking in Reserved Areas**

Mr. Palmore reports that previously, anyone with a handicap tag could park in any legal parking space except for reserved parking spaces. After a conversation with City Attorney, Lance Baker, that is no longer the case and anyone with a valid handicap plate or tag can park anywhere downtown, reserved or not reserved.

### **3. Yearly Parking Pass - Fundraiser Prize**

Ms. Hererra was asked to find out if the Parking Commission would donate a parking pass to be part of a fundraising package. There was concern this would set a precedent. It was decided that a better option would be to offer an annual pass for purchase if someone wanted to buy it and donate it to a fundraiser. Mr. Palmore will determine a price for an annual pass for fundraisers and present it at the January meeting. Mr. Shelton moved to table the discussion until the January meeting, Mr. Kean seconded and the motion carried.

### **4. Parking Study Results**

Jeff Tindall of the Regional Planning Commission replaced Ryan Bowie on the review committee. The results of the review are Desman in first place, THA second, SP+ third, and Walter P. Moore fourth. The plan is to bring Desman in for a presentation in January.

## **VII OLD BUSINESS**

### **1. Town Hall Meeting**

In light of the Parking Study, this discussion is taken off the agenda until further notice.

## **VIII PARKING COMMISSION COMMENTS**

### **2. Mr. Kean asked about evening and weekend enforcement related to events at the F&M Arena. Mr. Palmore said in light of event parking, night and weekend enforcement will have to be considered. Mr. Shelton would also like to see coordination with the county in terms of shared standards for parking enforcement.**

3. Mr. Shelton would like to have a discussion on the agenda for the next meeting about County Commissioner parking passes.
