

In an effort to create better service for the Clarksville community, the Clarksville Transit System will be holding a public meeting online through Google Meet on Thursday, September 17, at 2 P.M. In the meeting, CTS will discuss its Equal Employment Opportunity (EEO) policy, its Title VI policy, and the Disadvantaged Business Enterprise (DBE) policy and goal. CTS will also answer any general questions the public may have about its service. The goal for the meeting will be to gain a public perspective on these policies, and make the changes that are deemed necessary for better service.
