Crime Stoppers

Here is how Crime Stoppers works:

Crime Stoppers is based on the fact that not only does the victim and perpetrator know about the crime committed, someone else also has information about the crime.

Crime Stoppers allows anyone having information about a crime to call the Tips line and give the information to a trained call taker and remain totally anonymous.

Those tips are then forwarded to the coordinator to be distributed to the appropriate agency for investigation.

Once the crime is investigated, if the information led to an arrest and/or prosecution , the caller may be eligible for a reward.
